TECHNICAL DATA

- Eco 230V AC manipulation time: 90° 22 sec
- Optical position indication
- Manual override
- Compact construction, T-ball
- Chlorine and sea water resistant (corrosion-free)
- Protection code IP 65 (EO510)
- Electr. position indication
- CE marking
- On-time: 60%/max. 20 min.

PATENTED PRESSURE VENTING SYSTEM

Small drill holes in the T-ball and in the pressure ring – ideal for pool solar application

APPLICATION

- In combination with all pool solar absorber systems (EPDM, PE, PP) and pool solar control possible
